

BEVERAGE SOLUTIONS

*Defining a new
taste sensation*

A DIFFERENT, AUTHENTIC TASTE TO STAND OUT FROM THE CROWD

With over 40 years of experience spanning three generations, our company continues to operate in the very market where we began, striving to maintain a leading role - as demonstrated by the nearly 350,000 slushies machines we have distributed over the years. Our deep market knowledge and strong relationships across more than 90 countries reflect our commitment to business partnership, as well as the reliability and quality of our products.

Leveraging our expert understanding of the equipment used with our products, we develop solutions that not only seamlessly integrate with existing machinery but are also engineered to minimize wear and reduce the risk of breakdowns. This approach allows us to deliver high-quality products while ensuring the longevity and efficiency of our customers' equipment.

**OUR DEDICATION
TO QUALITY AND
INNOVATION DRIVES
US TO EXPLORE
NEW EXPERIENCES
OF TASTE, WHILE
ALWAYS STAYING
FOCUSED ON
CUSTOMER
REQUIREMENTS.**

Our sector has always been characterised by continuous innovation and the ability to adapt to customers' experiences. NAC's goal is to continue in this direction, offering itself as the ideal partner to support customers, assisting them in the development of market segments and as-yet unexplored frontiers of taste.

VISION

NAC identifies the pursuit of wellness, taste and the latest trends as key factors in consumers' choice of beverages.

We aim to offer products that cater to customers who are increasingly mindful of their dietary habits.

We believe it's essential to develop beverages which, through the constant pursuit of excellence, can be seen as a way of defining customers' personal style, also in the digital world.

MISSION

To offer an innovative taste experience as a strategy to positively influence consumer choices, both current and future.

To present ourselves as an international partner with the means to work closely with customers in order to deliver avant-garde solutions that cater to different market trends.

To guarantee outstanding quality in the selection of ingredients and in production processes, so that NAC becomes synonymous with excellence.

OUR VALUES

Innovation

We believe that innovation is one of the key elements enabling the evolution of taste in a company operating in such an extremely dynamic sector.

We develop new ideas and solutions, paying attention to emerging market trends and our customers' needs.

We offer inventive products, delivering added value for consumers.

Excellence

We uphold excellent quality standards across every level of the company.

We are constantly seeking solutions and technologies that can lead to improvements in our production processes.

We guarantee outstanding product quality, building business relationships based on mutual trust.

Transparency

We act with honesty and transparency in all our relationships with customers, collaborators and suppliers.

We deliver products featuring transparent labeling to ensure the highest level of clarity for our customers.

We operate with integrity and with accuracy, honoring our commitments and promoting a culture of mutual respect.

OUR PHILOSOPHY

NAC was founded with the desire to offer the market a completely unique taste experience. With over forty years of experience in the Beverage sector, we identified the need to provide a strong incentive for consumers, encouraging them to choose our product category over others.

Our aspiration is to drive consumer choices by positioning our products as equally attractive and desirable as the beverages that typically dominate social media. **We believe that success lies in drinks that fully satisfy both the sensory and visual experience of those who choose our products.**

Our philosophy is based on **innovative ideas** and solutions that effectively address the needs of the international market we serve. Professionalism and product quality are two fundamental pillars of our company, essential for delivering products and services that meet both our high expectations and those of our customers.

We are confident that, through collaboration with our partners, we will be able to face the challenges of the market with the utmost commitment and dedication to what we do.

ADDED VALUE

Advanced water filtration technology engineered to minimize the risk of product contamination

CIP CLEANING-IN-PLACE

Automated system designed to guarantee top-level safety standards in **production facilities**

Production facilities integrated into the company's IT systems, ensuring complete **product traceability**

Strict protocols to guarantee the utmost hygiene, product quality and food safety

Constant monitoring of product quality carried out by our testing laboratory

Maximum **flexibility** in the production of **private label products**

MADE IN ITALY

CONCENTRATED SYRUPS

MAXIMIZE THE VALUE. ONE SINGLE PRODUCT, MULTIPLE POSSIBILITIES.

From a single tank of concentrated syrup, three distinct final products can be obtained simply by varying the dilution ratio and the dispensing machine. This solution offers unprecedented market versatility: it is possible to address different segments by providing slushies, in both standard and carbonated versions, as well as flavoured beverages, all starting from a single product.

FROZEN DRINKS

SUMMER HAS A NEW STAR: **AUTHENTIC TASTE.**

THE PERFECT BALANCE BETWEEN WELLNESS, CONVENIENCE AND VISUAL IMPACT

Fresh, colourful, irresistibly authentic: our slush represents a new generation of products designed to combine taste, healthiness and convenience at every step of use.

They're much more than simply a refreshing drink: they're the result of extensive research that brings together technology, the careful selection of ingredients and attention to detail.

AUTHENTIC TASTE, LESS SUGAR

Our slush is formulated to offer a rich, natural flavour, using **less sugar** without effecting its taste. Thanks to a well-balanced recipe, we are able to enhance the **authentic aromatic notes** of each product, delivering an intense and rewarding experience.

NO COMPROMISE, NO RISK

Our products are free from artificial sweeteners such as glycerol, which is often used to reduce costs but is potentially harmful, especially for children. A transparent choice that sets us apart and guarantees conscious consumption.

ORIGINAL COLOURS, INSTANTLY EYE-CATCHING

We know that looks matter too: that's why our slush has **vibrant colours** obtained with a **limited use of food colouring**. Say goodbye to artificial, fluorescent colors: every slush is a celebration of flavor, tempting the senses from the very first look.

SIMPLICITY, PRACTICALITY, SPEED

Liquid products ensure uniform mixing with water, **avoiding the formation of lumps**. They allow rapid preparation, greatly reducing operator handling time to a minimum. A pre-chilled tank of liquid product, kept in the refrigerator, minimises waiting times and enables operators to maintain efficient service even during peak hours.

HIGH PERFORMANCE FOR SLUSH MACHINES

Yield is a key factor for professionals in our industry. Our slush quickly reaches the desired consistency, **reducing waiting times, energy consumption, and machine wear**. This offers a tangible advantage for those serving many customers in a short time without compromising the quality of the final product.

GLUTEN-FREE & GMO-FREE

SAFETY FOR EVERYONE

The entire line is gluten-free and GMO-free, offering an accessible, reliable product also for customers with specific dietary requirements.

PATENTED AND SUSTAINABLE: SMART PACKAGING

Our exclusive, patented tank design is intended to simplify life for workers:

- The ergonomic design allows for **smooth, complete emptying**, preventing air bubbles and avoiding product residue.
- **The shaped bottom facilitates the emptying of every last drop of product**, optimising use and reducing waste.
- The **space-saving design** allows easy stacking of tanks without the need for external boxes, improving logistics and reducing the environmental impact of shipping.
- **Less packaging, less space taken up**, more efficiency: a smart and sustainable choice for every sales point.

THE RESULT?

EVERY SIP IS A FRESH, SAFE AND VISUALLY STYLISH EXPERIENCE.

TWO CODES
IN STOCK WHEN
ONE IS ENOUGH?

We have developed a high-performance powder mix, perfectly balanced to work with two distinct technologies.

A single bag to be used for:

- **Slush Machines:**
For Cold Creams with a velvety consistency.
- **Soft Serve Ice Cream Machines:**
For a full-bodied and structured Soft Ice Creams.

Slush Machines

Soft Serve Ice Cream Machines

AUTHENTIC TASTE, EVERY TIME

The secret to our success lies in simplicity: through **carefully measured and balanced sugar content**, we succeed in bringing out the natural aromas of the ingredients, delivering a round, clean and lingering taste experience.

NO COMPROMISE, NO RISK

Our products are free from artificial sweeteners such as glycerol, which is often used to reduce costs but is potentially harmful, especially for children. A transparent choice that sets us apart and guarantees conscious consumption.

COLOURS? ONLY THOSE FOUND IN NATURE

All products in our chilled cream line are **free from artificial colors**, delivering a cream that captivates with its natural and inviting appearance - without any visual gimmicks. Every sip tells the story of an authentic, high-quality product.

EASY TO PREPARE, NO MILK NEEDED

The products **are mixed with water only**: no milk required. This offers:

- Significant cost savings for operators
- Enhanced hygiene and easier equipment maintenance
- More stable and extended product storage in the machine

An ideal solution for fast-paced, high-volume environments.

GLUTEN-FREE & GMO-FREE

SAFETY FOR EVERYONE

The entire line is **gluten-free and GMO-free**, offering an accessible, reliable product also for customers with specific dietary requirements.

EVERY SIP DELIGHTS THE SENSES

Our products offer an **enveloping creaminess**, with a rich and intense taste sensation.

MILKSHAKES

THE NEW GENERATION OF CHILLED TREATS, PERFECT FOR CHILDREN TOO

MILKSHAKES AS THEY SHOULD BE: **GENUINE IN TASTE, SIMPLE TO PREPARE, BEAUTIFUL TO SERVE.** Our line of milkshakes is designed to combine great taste, transparent ingredients and intelligent logistics, making them perfect for those who work in the horeca, bar and fast food industry.

ZERO ARTIFICIAL SUBSTITUTES, ONLY SUGAR

Our milkshakes contain no glycerol or other sweeteners used to cut costs.

We take a different approach: using **only sugar** to ensure a natural and safe flavor profile, suitable even for younger consumers. No questionable ingredients, no shortcuts.

AUTHENTIC FLAVOR THAT CAPTIVATES

Thanks to a balanced sugar content, our milkshakes enhance the natural aromatic notes of the ingredients without being overly sweet.

Each sip delivers a creamy, indulgent and perfectly balanced experience - ideal for frequent consumption.

ORIGINAL COLOURS, BALANCED "EYECATCHING" EFFECT

The use of colorants is carefully calibrated to create visually appealing milkshakes **without excess**: authentic colors, far from the often unnatural fluorescent tones.

The result? A product that communicates quality and flavor from the very first glance.

GLUTEN-FREE & GMO-FREE

All milkshakes in the line are gluten-free and GMO-free. This makes them ideal for customers with specific dietary needs, offering maximum safety and broadening your potential customer base.

POWDER MIXING WITH WATER

Our products do not require mixing with milk. This reduces costs for the end user and limits the risk of bacterial contamination inside the slush machine, extending the shelf life of the product used in the machine.

THE RESULT?

A CONVINCING ALTERNATIVE, WITH QUALITY THAT EVERYONE WILL LOVE. READY TO SERVE, EASIER TO HANDLE, PERFECT FOR EVERYONE.

SHERBETS

THE PURE TASTE OF
FRUIT, WITH ALL THE
PRACTICALITY NEEDED

FRESH, CREAMY, INTENSE.

Our sherbets are far more than just a light alternative - they deliver an authentic, natural taste experience crafted specifically for professionals.

No milk, no compromises: a product line designed to provide the highest standards of quality, safety and operational efficiency.

EASE OF PREPARATION: THEY'RE MIXED WITH WATER, NOT MILK

Our sherbets are designed to **simplify every operational stage**: the powder is mixed directly with water, avoiding the use of milk.

This brings a **twofold advantage**:

- It reduces costs for the end user
- It **limits the risk of bacterial contamination** inside the machine, maximizing the storage time of the prepared product

A choice that optimises processes and makes life easier for those working behind the counter every day.

AMAZING CREAMINESS

Although water-based, our sherbets never fail to amaze with their **creamy, enveloping structure**, ideal for those wishing to offer a velvety texture. A great alternative to classic ice cream, suitable for everyone.

JUST SUGAR, WITH NO ARTIFICIAL SUGAR SUBSTITUTES

Our sherbets are made with only sugar: **no glycerol, no artificial sugar substitute**.

We avoid ingredients that could potentially be harmful – especially for children – and we choose transparency and safety, without compromising on taste.

AUTHENTIC TASTE, ORIGINAL FLAVOUR

Thanks to our exclusive formula, we're able to **really enhance the flavour notes of each fruit**.

Each sherbet is an explosion of freshness, ideal enjoyed on its own or as a sophisticated accompaniment to desserts and cocktails.

GLUTEN-FREE & GMO-FREE – SAFETY FOR ALL CUSTOMERS

The entire line is **gluten-free and GMO-free**, offering peace of mind and inclusiveness for consumers with food intolerances or particular dietary habits.

THE RESULT?

PURENESS THAT EVERYONE WILL LOVE, PRACTICALITY THAT MAKES LIFE EASIER. DESIGNED FOR THOSE WHO ARE PASSIONATE ABOUT THEIR WORK, CHOSEN BY THOSE WHO DEMAND THE BEST.
